

HK 602

Bowl lifter & Tilting

High performance and price-conscious

With a lifting capacity of up to 1200 kg

Meyma tilting lifters considerably improve the production flow in bakeries. The dough production takes place fast, safely and effectively. Physically demanding labor is reduced to a minimum. Continuous production is achieved.

Meyma tilting lifters are manufactured in our own plant located in the city of Cloppenburg and we guarantee tested safety based on our year long experience in tilting lifter construction.

The reasonable value for money relation allows for quick amortization.
